

The Cloverleaf Local School District will face a \$1.7 million budget short fall for next school year. Without additional local funding, the district will need to look at the potential of additional cuts in staffing, programming, transportation, etc. To raise the funds needed to avoid some of these budget cuts, the Cloverleaf Board of Education will be asking voters for additional operating funds as well as possibly asking for a renewal of the 5 year permanent improvement levy that failed in May. (All responses to this survey are anonymous)

1 To raise the funds needed to preserve programming and avoid a \$1.7 million budget deficit in 2011, would you favor or oppose a levy in November?
