

ACT Test Preparation Course, February-March 2012

Today's Students are finding the admission and scholarship process highly competitive. One of the most important factors in your career could be acceptance to the university of your choice. Colleges use the scores from the American College Testing Program (ACT) to select applicants and award scholarship monies. This course is designed to help students develop the skills necessary to improve their ACT scores and reach their testing potential. Math, English, reading, writing and science skills are reviewed and test taking techniques are emphasized.
