Chrombook Classroom

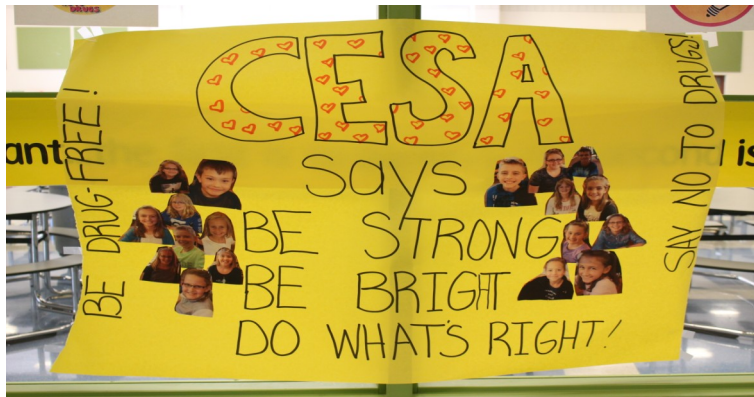

Mrs. Kee's class is one of three at CES that has its own Chromebook cart to use daily in the classroom. The students have participated in blended learning during reading groups which gives them time with the teacher, opportunities to type and share journal entries in Google Docs, record their oral reading using an app and to complete phonics activities both on the Chromebook and in their notebooks. This style of learning allows each student to learn at his/her pace and at their present levels. They are completing assignments and viewing posted videos on Google Classroom to show their learning as well. The students are beginning to collaborate with fourth graders in Highland as they blog about [Fish in a Tree](#) by Lynda Mullaly Hunt through the Global Read Aloud. The use of technology in the classroom has provided many opportunities to learn and show progress using 21st century skills.

CANNED FOOD DRIVE FOR THANKSGIVING

Cloverleaf Elementary is sponsoring a Canned Food Drive from November 16th to the 24th. Any non-perishable food items will be accepted and appreciated. The food from the drive will support the Lodi Good Samaritan's and the Seville Fire Department. Any remaining food will

be donated to Seville Methodist Church Food Pantry. Please consider sending in a donation to help spread smiles to those in our community.

Red Ribbon Week at CES

Red Ribbon Week is an alcohol, tobacco, and other drug prevention awareness campaign observed annually in October in the United States. At CES, CESA members talk with students during their lunch periods and ask them to sign the drug-free pledge. Every student at CES had the opportunity to sign the pledge. There were over 1,000 signatures! To wrap up the week, CESA members began shooting a video to further explain the importance of taking the pledge, and to explain what the word "drug" means. It might be an opportune time to talk with your child about the dangers of drug, alcohol, and tobacco use.

Tips From Mrs. Weigel

If you're looking for a fun way to help your children learn their math facts, try: <http://resources.oswego.org/games/>. Scroll to the bottom of the list and you'll find "Sum Sense Addition, Subtraction, Multiplication and Division". It's perfect for all grade levels!

A Message From Our Nurse

As the cold and flu season is upon us, please be advised that it is best for students who are ill to stay at home until they are feeling better. If the child presents a fever, he/she must be kept at home until they are fever free for 24

hours without the use of fever reducing medication. Also a child who is throwing up should be kept home for 24 hours after the last occurrence.

State Reading Tests

Coming Soon

The third grade classes will be taking their first state test on December 1 and 2. The test will be a Reading/Language Arts test only. Attendance on these two days will be very important.

From Mrs. Klevay in the Art Department

We are looking for donations of rolls of gift wrap paper (for any season) for use in our popular recycled chair project for 5th grade. Last year's chairs were a huge success and we hope to continue the project again this year. If you can donate a roll or two that would be great! Lots of pattern in the paper looks awesome!!
