September 16, 2014

Dear Parent or Guardian,

We are so excited to announce a wonderful opportunity to work with an organization called "Coats for Kids" this year. This organization has contacted our school to partner in providing coats for students who are in need. We are very excited to be chosen to receive donations of "free coats" for our students in need. If you have any school-aged children who are in need of a coat and you would like to receive one, please complete the form below and return it to the school with your child in an envelope addressed to Karen Martin, Principal. I will collect the forms and communicate our need to the organization. The names of students will be anonymous to the organization as they will only receive the amount and sizes of coats needed. Please return the bottom portion by Friday, September 26, 2014. We will be in contact when we receive the coats for distribution. Thank you and let's keep all our students warm this winter.

Sincerely,

Karen M. Martin, Co-Principal, Pk-2

Robert Falkenberg, Co-Principal, 3-5
